Once a Raider

As you turn the pages of this yearbook, every single person you see is a Raider. Be they teacher or student, food services personnel or custodian, each is a Raider, a fellow Raider at that, and they all had a part in your life no matter how small. So for the sake of those around you, why not thank them for the time you've had here; they are the ones who made it memorable, after all.

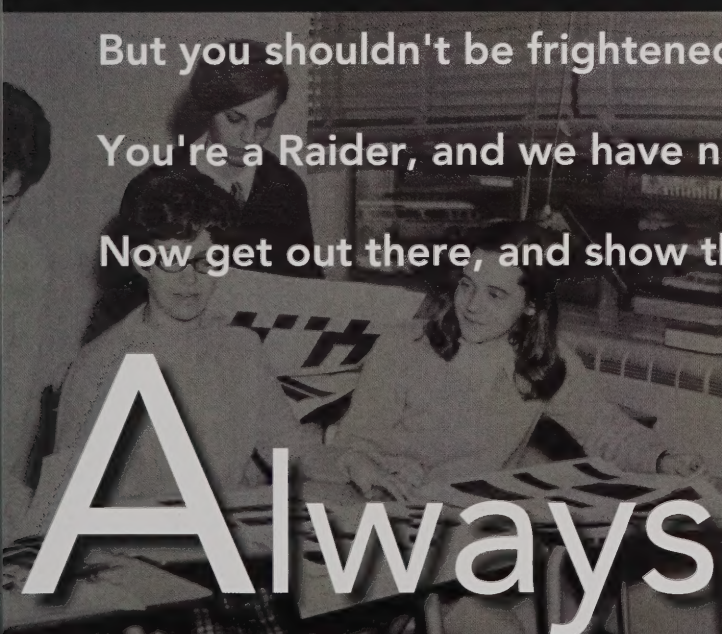

Your time at Enfield High School will be with you the rest of your life. Even years from now, you may recall moments ranging from the most exciting pep rally to the most worrisome test. So many moments you will remember, the wonders and fantastic experiences you've had during your high school career. Even memories from outside of the school's walls, you will remember. You may remember some fun nights you spent with friends, or a crazy caffeine-induced study session. (Just getting prepared for college, you know?) However, regardless of how you felt about the memory, it is a part of your life, of your growth and development into the young adult that EHS prepared to send out into the world to fend for themselves.

Now, that may sound frightening for the younger Raiders, and so much MORE frightening for the seniors.

But you shouldn't be frightened.

You're a Raider, and we have no fear.

Now get out there, and show the world your Raider spirit.

To me, being a senior
Raider means that we
are the last of our kind.

the end of years of traditions, and I feel proud to call myself a member of the last class of Senior Raiders. My experience so far this year has been great, all my teachers and classes have been great, and I've been spending more time with my friends, which is also great. The biggest thing I'll miss is getting to see all my friends every day, on a regular basis. — Matt Ellis

Being a senior at Enfield High feels strangely enough like being a freshmen did. Granted, freshmen have fewer responsibilities and more of a grace period when it came to turning things in and expectations. Being a senior has only put me at the top of the food chain, which means people look up to me. Having sisters my whole life, I have always been looked up to. The only difference now is that more people look up to me, including people I don't even know. The real world is scary, and high school is a place to seek shelter from it. In a couple more months, I'll be on my way to achieving things much greater than high school can provide. I can say I will miss the safety net that high school provides but at the same time, I'm very excited to see what I can do in this world. — Ryan C

Being a senior at EHS means **we are at the beginning of the end**. What I mean is that the 13 years we spend in school systems is all coming to an end. A new chapter of our lives is going to start soon, so we must **enjoy every last moment** we have together. They weren't lying during our freshmen year when they said my 4 years will fly by; this high school experience went by quickly! My experience this year has been a rollercoaster. It was *tough to adjust to the new school*, but now I learned to just enjoy it. Sure, it sucks not having a gym or a cafeteria for 2 years, but **we can't control somethings in our lives, so you just gotta go with the flow**. The thing I will miss will be the *teachers who treated me like an adult* and actually took time to make sure they got to know me and make sure I was *doing the right thing* in class. Those teachers I will never forget for the rest of my life. Other than that, I won't miss much else, especially the 3 years of construction. - Jeff P.

To me, being a senior is finally getting out of this place; as much as I enjoy my teachers, I'm just ready to move on to the next stage of my life. So far, I've enjoyed spending my last year surrounded by **rad**

teachers and my small handful of friends who mean the world to me. I'm mostly going to miss the track team, and the thrill I get before every event, and the ringing in my ears that follows the bang of that starting pistol. - Amanda G.

Finally becoming a senior is **bitter sweet**. Don't get me wrong, I'm thrilled to be finally get out of here and start over, but I'm going to miss seeing my really **good friends every day** and how involved the staff is, but you can't stay in high school forever. I'm scared to be on my own but I couldn't be more thrilled to be moving forward. I've had a really good experience here. **EHS was good to me**. There's a lot I won't miss but I think I'll miss the little moments the most. - McKaula W.

What it means to be a senior at EHS is you're top dog and you've worked for your privileges and rights we get because we did our time as underclassmen. My experience this year has definitely been a serious case of senioritis. I'll miss how laid back this school is and how the teachers actually cared about the students' success. - Kayla Green

Once a Raider,

Interconnected through time by one commonality: we're all Raiders. Raider legacy lives through each of us, regardless of generation. From sports commentary to educators, and from radio personalities to philanthropists, Raider spirit thrives. We are, and always will be, Raiders.

"The **Last Goodnight** originally [came] together while attending Enfield High in CT. ...After they graduated and went off to college in 2003, they independently pressed two releases under the moniker Renata and started receiving airplay. In typical band fashion, they bought a van and embarked on short tours on nights and weekends, eventually earning opening slots for Lifehouse and Avril Lavigne. After a name change, a gig at the famous Whisky A Go Go in L.A. caught the attention of producer Jeff Blue, who took them into the studio to start recording and fine-tuning their sound. In 2007, Virgin signed the Last Goodnight and released their debut, *Poison Kiss*, in August of that year. ~ Jason Lymangrover, Rovi" - Band Description from MTV.com

"Enfield High School is unique because of the teachers. [As a student,] you can connect with the teachers. They're personable. And they're understanding." - Nate C.

"Beowulf is 'the man,' and Shakespeare is 'ya boy'"
- Mr. Murray

"I think the teachers make this school what it is. You can tell they really care about their students." - Anonymous

"Honestly, I don't want the school to change. I know my teachers. I'm used to them. They know me, too."
- Anonymous

One cool thing about being a senior Raider at EHS for its last year of being Raiders is that **our class has a special place in the EHS history** of Enfield. My experience this year has had a lot of ups and downs, but it was all fun and a **learning process**. The one thing that I will miss the most is the teachers. They all helped me out this year. They taught me new things and **left a never-ending print on me** and their knowledge given to me will help me **succeed in the future**. - Steven C., Class of 2016

In-School Suspension

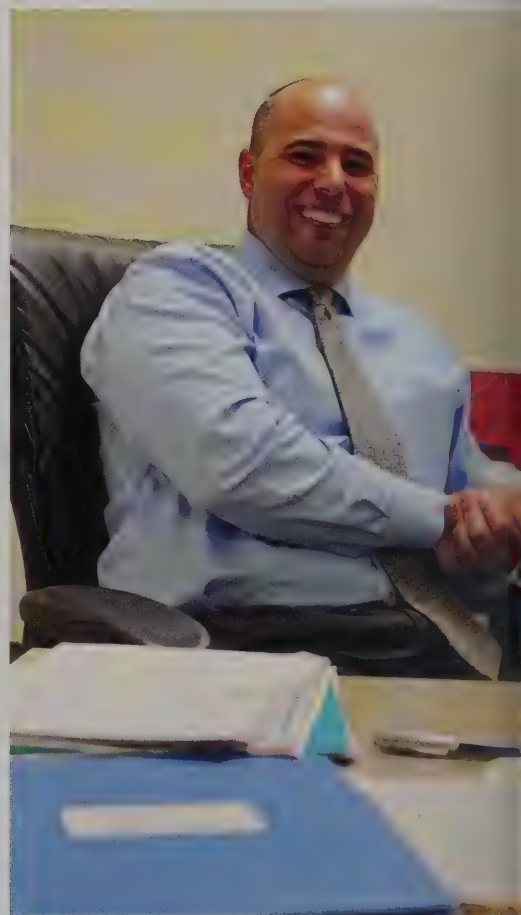

To the Members of the Class of 2016:

It is indeed a tremendous honor and privilege to serve as your Principal for the 2015-2016 school year. Your class has seen the start, and almost the completion, of a major construction project here at EHS. As a class, you handled the changes with dignity and maturity. As the oldest students in the school, you approached the many construction changes with a positive attitude and set the tone for the rest of the school. The underclassmen saw how positively you handled these changes and took your lead. For this, I am forever grateful.

With all of the changes that you have endured, I know this experience will help you become resilient adults. Your ability to deal with change is a life lesson that cannot be taught in a classroom. Please remember, as you go through life, that change will always be a part of your journey. It is how you embrace this change that makes all the difference. George Bernard Shaw, a Nobel Prize and Oscar winning playwright, famously stated, "Progress is impossible without change, and those who cannot change their minds cannot change anything." My hope for you is that you embrace this attitude for rest of your lives. Do not be afraid of change, but embrace the challenges that it brings!

I wish each and every one of you the very best! Please keep in the touch in the future.

Sincerely,
Andrew Longey
Principal

Best Wishes in Retirement, Mrs. Carol Stone

Mrs. Stone started working here in Sept 1999. Prior to coming here, she worked at Windsor High School for 1-1/2 years in the Math Department. Her first profession was the head accountant to a Fortune 500 company. Then, she worked in private industry for 25 years. Throughout her teaching years during the summers, she freelanced as an accountant.

Mrs. Stone decided to teach because she was, "burnt out and thought what [she] knew both in accounting and marketing [she] could share with the young people of today." And honestly, Mrs. Stone had a young son and teaching allowed her to be home when he got off the bus.

Her fondest memories were the first years here when she had a school store operation and was allowed to bake and sell cookies which teachers would order. The store was open during passing time as well as the first four periods of the day. She even had a shopping cart to sell in the D-wing! During the warm months, they sold slushies. The third floor provided an excellent customer base. The school store profits allowed her to subsidize field trips, and award scholarships to deserving marketing students furthering their education. They held a lot of school dances with fancy decorations which were stored in the tunnel and had a DECA Paloosa (battle of the bands).

Mrs. Stone reports that she was really touched when Mr. Duffy awarded her the star pin, which was presented in front of the entire senior class. It stood for helping one child at a time.

In 2008, the graduating class did not want to go to High Meadow for their senior class picnic and were not going to have one. That was the year that Mr. Duffy allowed her to find another venue and plan their picnic. From then on, Mrs. Stone has planned the picnics. In the past several years, Mr. Gaucher and Mr. Barnes took on the role of supervising the competitive games, Mrs. Ceniglio has helped, and last year, she had to cut up about 15 pounds of fresh fruit - not this year though! Both Mrs. Frost and Mrs. Ogonis (guidance counselors) were always there helping. Mrs. Goddard, Mrs. Simmons, and Mrs. Plavcan have helped when called upon. Even after retiring, Mr. Girard returned to help. Mrs. Stone is grateful to all of these wonderful people for their assistance. The 2008 class created another special memory for her when they recognized her at their graduation for all the effort she put in to making their class picnic a special event. They presented her with several thoughtful gifts. It was so touching, she cried.

Mrs. Stone says she will miss many people here, but most of all the students. She says, "they have kept me 67 years young." Students taught her how to text, send photos, group text, and what emoji's were. She will miss her DECA inductions and their annual Florida trip.

The most significant changes are the evaluation system, all the technology students have available, the freedom students have and don't realize it. The "healthy school" initiatives which were recommended by the state, and Enfield adopted them. It hurt the school store, and the students no longer reap the benefits from its sales.

Hopefully, her retirement will allow her to take care of her and enjoy life without the hustle everyday. Her husband and she like to travel and will have plenty of time to do so. She says, "we will spend half the year in Florida with all our friends that have moved there permanently. I like to golf and will join a ladies league. And most of all, I can sleep until 7 a.m. and not be up at 4:45 a.m.!"

Best wishes, Mrs. Stone! We hope you enjoy your time with friends, family, and in warm weather!

Clubs & Activities

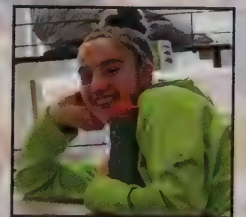

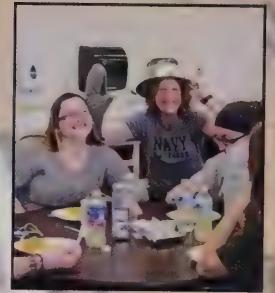

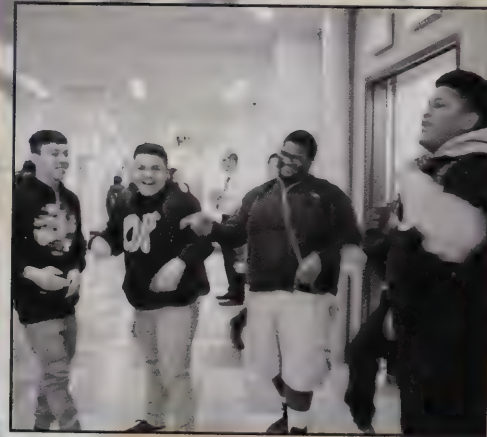

What makes your school unique?

"We help each other."

"We're supportive of one another."

"Different groups of people can be different, and it's okay. If you take different people from different groups and made them work on a project together, they will do it."

Welcoming Committee

The welcoming committee helps to welcome new students into the EHS community. They help to show them around their new school and are sometimes their first friend they make.

The Welcoming Committee participates in New Student Orientation and Open House. They are there for every new student that comes to EHS throughout the school year.

This group represents Raider Spirit everywhere they go. The students in this committee bring their Raider pride to the incoming students, part of the reason why they were selected to join the club. Mrs. Morrison and Mr. Colburn have taken over the group after Mrs. Frost retired, and have done an amazing job.

Lamplighters

Lamplighters is an **acting committee** that gets students involved in the arts. This group helps its participants realize their individual talents, from lighting and set design to acting and orchestrating. Lamplighters knows the definition of

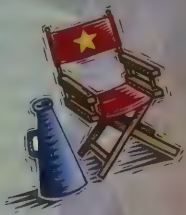

community. In the past, this group has held craft fairs to raise money and **support** the local craft makers. Not only do they entertain the Enfield community members, they develop a community within their group! The students who get involved with Lamplighters find themselves

surrounded with **kind** faces and leave with lifelong friends. **#RaidersForever**

This year, Lamplighters hosted their renditions of **War of the Worlds** and **Little Shop of Horrors**.

National Honor Society

The 2015-2016 NHS was successful with many group projects, such as selling Candy-Grams, a Red Robin Benefit Night, a Toiletries Drive, and a Clothing Drive! Each of these projects raised money and awareness for our community.

NHS not only cares about their community but is also growing! That means the EHS Raiders are not only academic scholars and generally awesome, but also willing to help others and contribute to something bigger than themselves.

We'd like to wish the following senior leaders well in their future endeavors: Chris Biela (President), Lyle Smith (Vice President), Erika Murphy (Secretary), Samson Weiner (Treasurer), and Samuel Wentworth (Treasurer)!

Model UN

Enfield High School Raiders are professional individuals who model their civic duties.

Many of these photos depict the Model UN Club's trips to the UN Headquarters in Manhattan and their Annual United Nations Assembly.

The Enfield and Enrico Fermi High Schools Model United Nations Club meets annually with students from other Connecticut schools to simulate the work of the United Nations General Assembly and Security Council. This year, we represented the Republic of France. In preparation for this year's Model UN simulation at the University of Hartford, we visited UN Headquarters in Manhattan and met with representatives of the French government. Among the issues that we researched were global climate change, nuclear proliferation, and the international response to the Syrian conflict.

Relay for Life

Raiders give back to their community in fun, innovative, caring, and productive ways!

Each year, more than 4 million people in over 20 countries raise much-needed funds and awareness to save lives from cancer through the Relay for Life Movement. Enfield High School has a team that is part of that movement. Throughout the year, students participate in fundraising activities culminating in a 24 hour Relay for Life event in June. Students can be seen selling baked goods at local supermarkets, participating in pajama and hats days, selling t-shirts or getting some exercise at a Zumba for Life night. Last year the team raised over \$3000 and, under the leadership of captains Sydnie Bedard and Alana Mather, the team has a goal of raising \$4000 this year. The commitment and dedication of team members will only help to fund research to end this deadly disease.

The Rachel's Challenge Mentoring Program links high school students with students at the elementary level. The mission is to form a culture of shared learning and inspire elementary learners to create a positive school culture through acts of kindness. Throughout the program mentors lead discussions on a variety of topics ranging from getting to know you, responsibility, kindness, empathy, friendship skills, goals, and appreciations.

Participants: Jacob Audet, Jashlev Baez, Abby Bosco, Meghan Brennan, Nick Critz, Rene Cushin, Jocelyn Hegarty, Sarah Elia, Steve, Merwin Foxson, Charlie Flanagan, Tom Capolone, Chase Katrina, Erica Poloring, Jessica Miller, Mykoni Mureane, Josh Martin, Tyler Murphy, Yanni Othel, Danielle Orr, Caitlyn Peterson, Ashley Patis, Jordan Pae, Ryan Raschewski, Justin Ranko, Megan Rooney, Jackson Stone, Celine Thomas, Marci Wilson, Shantell Fair

Rachel's Challenge Mentoring Program

Friends of Rachel

Friends of Rachel is an educational program that immortalizes the lessons of kindness and celebrates the memory of Rachel Joy Scott, whose life was the first taken in the 1999 Columbine shooting. The 17-year-old's writings left us with messages that focus on togetherness and compassion.

"I have this theory that if one person can go out of their way to show compassion, then it will start a chain reaction of the same. People will never know how far a little kindness can go."

DECA

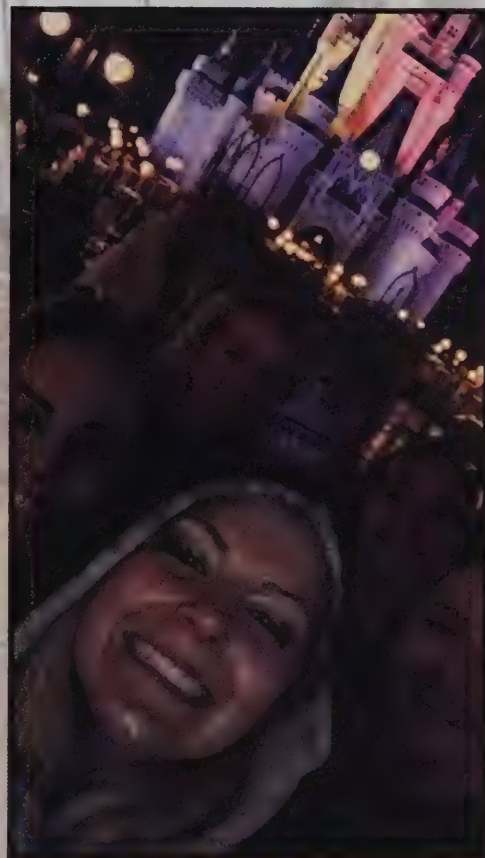

Between planning multiple field trips and hosting several events, the 2015-2016 DECA group has had quite the successful year! Under senior leaders Jeff Peach, Aleesha Graham, Annabel Pino, and Jake Corso, this group hosted one of the largest-attended dances in years: the Homecoming 2015 Dance! Over 300 students attended, which is about half of the student body! #LastRaidEHS

This group gets around! DECA traveled the east coast this year. In Florida, they attended an Orlando Magic game, went to a Luau, and visited all Disney World Parks. In Vermont, they went to the Ben and Jerry's Factory. A trip to Fenway taught them about sports management.

All of these trips were funded through their careful planning of fund-raising events, like the Homecoming Dance.

In addition to the successful turn-out at their dance, DECA also planned the Powder Puff game, multiple field trips, and the induction ceremony for future members.

Literary Magazine

The EHS Literary Magazine publishes the creative work of students every May. We've published poems, short stories, flash fiction, essays, and artwork in the past. Right now it is a group that starts to meet in March to advertise, collect, format and print the magazine. We usually print about 100 copies and distribute them to the library, main office, and all English classrooms. One of our goals this year is to publish more multi-cultural work by writers and artists who a) use other languages in their work; b) portray issues and topics that culturally enrich the readers; and c) express themselves in a perspective that may be new to the audience.

Our issues are always colorful, creative, edgy and interesting. There's a page of magnetic poetry that I collect from my file cabinet throughout the year. Students with a few minutes at the beginning or ending of class will compose little lines of powerful verse using my magnetic poetry words.

Raider spirit comes in many shapes In this case, the spirit of expression, creativity, uniqueness and openness are embraced.

Just so you know! You can submit any of your work to your English teacher at any time during the year and it will make its way into the magazine! We'd love to see more artwork, too.

EHS/Fermi Club

Entertaining, collaborative, and creative, this is group that collaborates with Fermi students on ideas for the next school year.

Special Projects:

We plan on giving a tour of the E-Wing to Fermi students and having a collaborative field day and talent show.

An education that goes well beyond textbooks.

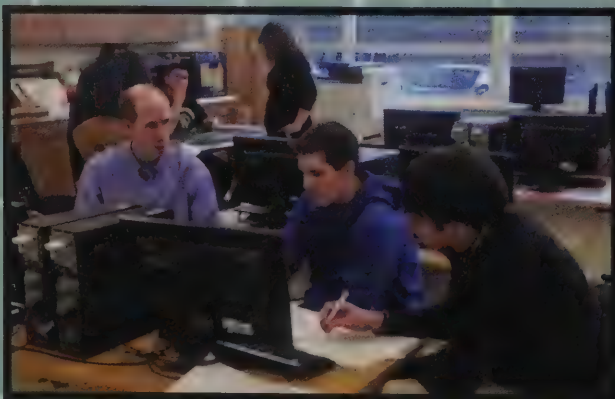

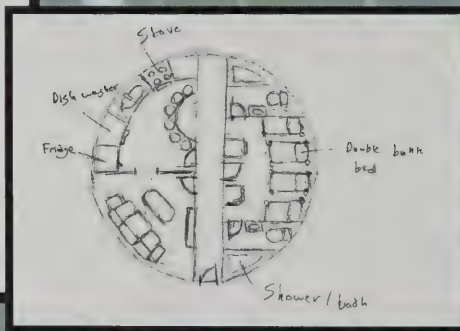

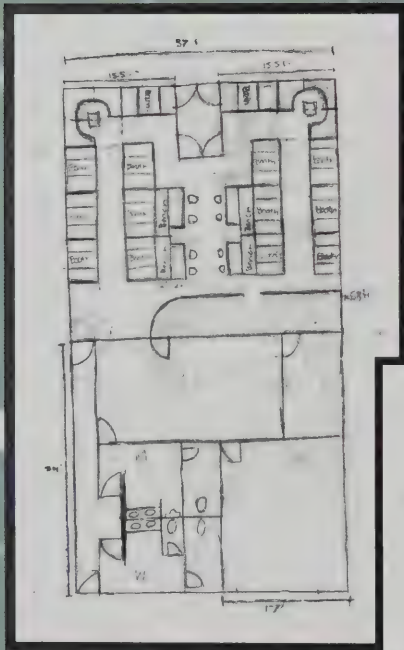

Architecture Construction Engineering

Raiders take advantage of opportunities to learn real-world skills. Raiders get a step ahead of their competition through teamwork, practice, and professionalism.

(Below) This is an exercise we did at the beginning of the classes, which was to draw a house in the shape of a soccer ball.

(Left) The second sketch is a plan for a restaurant, which is part of our team project. The overall project is a flood-resistant mixed use development, that also includes a new residential building.

ACE is a nation-wide organization, that introduces high school students to possible careers in design and construction. Students are paired up with local mentors who are architects, engineers, owners and contractors, and work on a project throughout the year. They get a chance to learn about the various professions, tour a construction site, and ultimately give a final presentation on their project and what they've learned. Advice on selecting colleges is available, as are scholarships for students who show a particular interest in the program, and who go on to study in one of the related fields.

We hope to place first in the year's culinary competition at Gateway Community College.

"A recipe has no soul, you as a cook have to bring soul to the recipe!"

This is our first year competing. The Pro-start Competition is the only event we participate in, but it is one of the biggest scaling from the state to regionals to nationals.

ProStart Culinary Competition Club

The purpose of the Pro-Start Competition Club is to prepare students for the annual culinary competition in New Haven CT. We also foster an environment where students can cook recreational foods.

We are representing the Enfield High School Raiders at the state level in our first annual culinary competition!

Our 2015-2016 year was yet another amazing year. We got to have many performances including an away game at Ellington and a competition in Trumbull. We were also able to add many more fun things into our shows like band dances, drum line feature, My Way by Frank Sinatra and more! This years' dedication from all the band members has been truly impressive.

Our most notable accomplishment I believe has to be just bringing Raider pride to every event we went too. This year we added more to our field show so that we really grabbed the attention of the crowd and did not lose it. My favorite moment was

the last show when we played My Way as a good bye and thank you to all the fans.

Our field show was much more complicated compared to years past. This is true for not only the music but also the drill. It took a lot of extra work to get all the subtle movements down to really piece the show together, but in the end it all came together and was it was truly great!

Between face paint, cheers, singing the fight song and the overall enthusiasm of the band we bring a ton of Raider Spirit. Our main goal has always been to support the teams and help keep the crowd into the games.

The Senior Drum Major Jacob Downs, the Band President Ryan Cushin, Drum Line Captain Andrew Smith, Jenna Gaskell, Jenna Dombroski, Amanda Liquori, Katelynn Scalia, Sean Crowley, Katelyn Nguyen, Lyle Smith Jr., Danny O'Neil, Justin Gordon, Alex Byron and Anthony Guerriero will be leaving the band this year.

The Band program has grew tremendously in the past 5 years, and it has been truly amazing to be part of the growth and to see how we've grown into what we are today. With the merge on the way there is only room to grow with the incoming super band! There is no doubt that the Raider Spirit will continue for many years to come.

Throughout our school year, we improved greatly. We ran into a lot of obstacles with limited rehearsal time and school cancellations. At first we were a group of strangers but over our time together, we improved as friends and musicians. We hit a rough time trying to find musicians for the group so the parts would be balanced. Despite our lack of people, we were able pull through and put on some amazing performances. Both student leaders are extremely proud of where the group has come.

For our Pops Benefit Concert, we chose a harder piece in order to challenge our abilities as an ensemble. Once the Pasta Supper was planned, we set our goal to nail this piece in the week we were given to prepare. We excelled and we plan to make it even better in the Pops Benefit Concert.

We have Raider spirit because we are always able to rise up and perform under any circumstance. No matter how we sound, we are always having fun just like the rest of our school.

The Jazz Band has adapted and overcome all obstacles, including a big move back in the fall. Notable accomplishments included the Tower Square Mall gig and going to Greenwich for the Essentially Ellington Music Festival. Everyone in the group worked very hard to bring the Jazz Band where it is today. Many players are also in the Marching Band and Pep Band, so they always bring that Raider spirit. Senior leaders graduating include Christine Carroll, Ryan Cushin, Mackenzie Cohen, Jenna Dombroski, Jacob Downs, Danny O'Neil and Lyle Smith.

The Brass Quintet and the music department as a whole has faced many challenges over this past year, but through it all we triumphed victorious! We will always remember pieces like In The Bleak Midwinter and Gavotte, but most of all we will remember the good times we've shared.

Our best accomplishments this year was playing for the Rachel's Challenge Pancake Breakfast, for the JFK Middle School Concerts, for the people at Mark Twain and playing for the Pasta Supper.

This year the main goal I set for the small ensemble was just to challenge ourselves in the level of music we play throughout the year.

I think we show Raider spirit in the way we play the fight song at the end of almost every performance. Also just supporting every performance we play for the town. - Jacob Downs

This year has been amazing for the String Quintet so far. We were one of the first groups to kick off the year and hit the ground running as soon as it started. Even though we've hit some rough spots this year, we always manage to pull ourselves together and always end up on top.

After losing an original member of the String Quartet, we were able to adapt, audition a new member and be able to perform at the same level as last year. We've performed for the Rachel's Challenge Pancake Breakfast, for the JFK Orchestra Concerts and for the EHS Music Department Pasta Supper.

Our overall goal is to bring home a Silver or Gold from our International Music Competition this year. Last year we had taken a Bronze and I think with the hard work and dedication we have this year I believe we can do it.

The String Quintet promotes Raider spirit because we're always able to adapt and overcome, much like our school has had to do in the last few years. We're also always ready and willing to step up to the plate and bat at any time necessary.

The 2015-2016 school year was great for the Jazz Combo. They have overcome many obstacles such as moving into a new wing, and not having their group even fully assembled until mid December. Notable accomplishments included playing for the music department pasta supper, as well as competing in Canada. The group really gave it the "Raider spirit". They perform the EHS Fight Song at every performance. "Every time we play one of them, someone always yells out some cool spin we could put in the song, or a funny ending," said Christine Carroll. "They have such a love for the music we play; I couldn't be happier with them. We're all pretty close friends and conveniently, all student leadership which makes the bond even better."

Many Students performed solos on the Winter Choral Concert, the Enfield Choral Festival and the Spring Pops and Jazz Concert. Solo club members are talented, dedicated and fun!

Enfield High School Raider Sports

2015-2016

What makes a Raider athlete?

"A Raider athlete is like a tree, supportive and strong."

"Family-oriented. If the school were a tree, my team is one branch of the tree. Probably a big one, maybe even the trunk. It holds me together. It grounds me."

"Reliable."

"Raider athletes are cared about by many others."

Being on an Enfield High Sports team means:

"Making a new group friends that you may not have found otherwise"

"You can't just ignore problems. You must talk it out and solve it as a team. After all, you're all working together towards one goal."

"We know that we can still accomplish goals, even if we're not having a winning season."

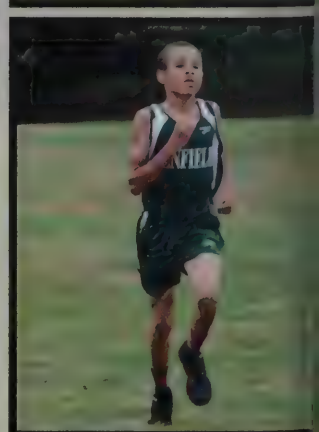

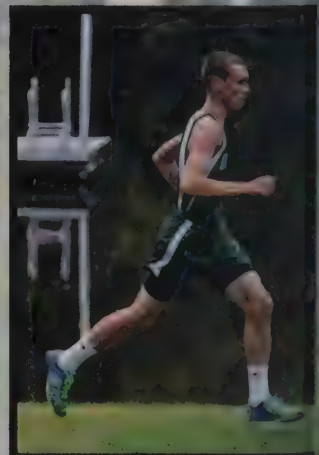

Seniors L to R: Samson Weiner, Samuel Wentworth, Christopher Tweeddale, Connor Shannahan & Brandon Bass

Back Row L to R: Kevin "Short Pants" Forand, Ryan "The Lion" Radziewicz, Samuel "The Wind" Wentworth, Christopher "White Lightning" Tweeddale, Connor "The Slick" Shannahan, & Coach "OG Bobby B" Barnes

Front Row L to R: Khup Pi, Catie "The Flyer" Thomas, Sydney "Fast Feet" Falcone & Zane "Superchamp" Beauchamp

Cross Country

The Cross Country team continues to improve year after year under the direction of 7th year coach Mr. Barnes. The 2015 boys team finished with a 12-and-12 record, and finished 7th out of the 13 team conference which is the best finish in the past decade.

The boys were led by Captains Connor "The Slick" Shannahan and Samuel "The Wind" Wentworth. Chris "Tweety Bird" Tweeddale, Brieighden "Miguel" Santos, Brandyn "Largemouth" Bass, Zane "Superchamp" Beauchamp, Ryan "The lion" Radziewicz, Anthony "Boom Boom" Barnes, Samson "The Animal" Weiner rounded out the boys' team.

Connor Shannahan was named to the all conference team, finishing 7th overall in a time of 17:08. That is now the conference record for Enfield High School.

On the Girls side, the team was led by Madi "The owl" Howell, Sydney "The flash" Falcone, and Katie "The Cat" Thomas. While they never qualified to score as a team at the meet in East Windsor, all three runners finished in the top 10. Way to go RUNNERS!

Although the team is losing six seniors, we are looking forward to the first year of the Eagles when we all merge our talents collectively from Fermi and JFK!

Captains L to R: Samuel Wentworth, Maddi Howell, and Connor Shannahan

FIELD HOCKEY

This season was a huge success with 13 wins, one tie, and three losses. They made it into the state tournament halfway through the season. This season they did not lose a single home game. There were a total of 44 goals and they even made it to the quarterfinals against Immaculate. The captains each motivated their team mates successfully throughout the season.

The field hockey team will be losing two of their team captains, along with Katelynn Scalia as they will be graduating this year. But they look forward to incoming freshmen and new additions to the team as the schools will be merging.

The biggest lesson the team learned during the season was that in order to do well and win games, they had to work together, encourage each other and stay positive.

FOOTBALL

Raiders football had a very good year, despite their 0-10 record. Though some people may think they had a tough year, they grew a lot as a team. The players grew individually and all learned a lot about what it's like to work together. Through the good days and bad, they all came together and worked hard. The team would go through anything; rain, shine, tidal wave, whatever. Nothing stopped this team from getting through a game or practice.

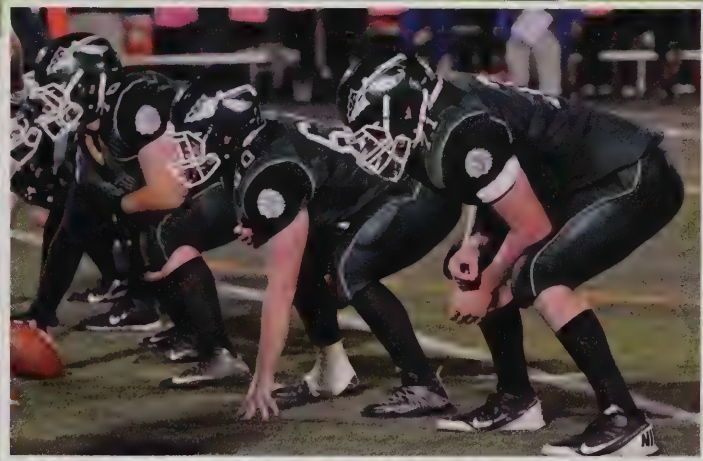

They had many good times as a team throughout the season. They lost a close game to Stafford, but their hearts were in it the whole game. It was pouring rain and they were down quite a bit at the half. But they came back, and fell just short of a victory when time ran out. No one ever wanted to give up, and they carried that attitude throughout the season.

Captains Christopher Biela and Nick Serignese had a big impact on the team. They led by example. Next year they will be without several key players, as they graduate and move on to their next step. They helped encourage the team on and off the field and lead by example throughout the season.

Together, the team learned what it was like to communicate and work well with each other. Though they are losing many seniors, they look forward to new faces next year. Injuries did cause a lot of problems, but they never let that effect their season.

The team also learned what it means to be a family and play as brothers. They were always there for each other, and together learned many valuable lessons. They were taught discipline, toughness, and responsibility. Winning wasn't what made the team, it was all the teamwork and accomplishments that did.

BOYS SOCCER

The soccer season was full of ups and downs, but the team is ready to come back next year and improve their growing stars. Though some injuries may have held them back at times, they never gave up.

The soccer team finished the year with a 2-14 record, but learned a lot throughout the season. As a team, they knew it wasn't all about winning. Team work is an important skill you'll need throughout your life. This, along with having fun, is what these young men believe makes a season. They were able to improve on all of these, and came closer together as a team.

The team was always staying positive, and was able to come out with the win in a close game with Stafford. Their positive vibes were also high as they easily took care of Classical magnet high school in their second win.

Next year, the team looks to improve their young players that have much talent. They will also be playing without their previous captains, as they graduate and move onto their next step in life. But the team is looking forward to new faces, captains, and team members as they combine with former Fermi students in the Fall.

We made a goal at the beginning of the season to make it past the second round in states, and we made it all the way to the state finals. We had a great season!!

Regular Season: 10-2-4 States: 14-3-4

The highlight of the season was being able to play in a state finals game. It was really a great accomplishment for Enfield High Girls' Soccer.

Our captains were juniors Erica Lovering, Regina LeBlanc, Morgan Remington, and senior Alana Mather. Every captain was positive and uplifting. We wanted to push everyone to be the best they could be, but we still had fun, too. Even through the tough times, we kept each other going and supported each other.

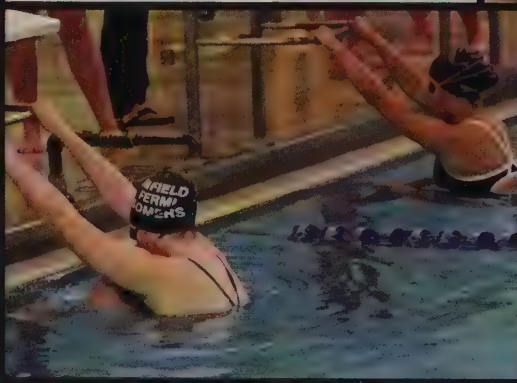

The biggest lesson we learned was that there is no "I" in team. We had some really tough games where we had to come together and really needed to trust each other as a team. We had to have hope in each other.

We are losing seniors Alana Mather, Sydnie Bedard, Maeve Fearon, Sarah Pawloski, Maddie Roy, Makenzie Martin, and Alyssa Remington. As much as we will be losing a lot of key players, we have no doubt that next season, the team will be just as successful.

Girls Swimming

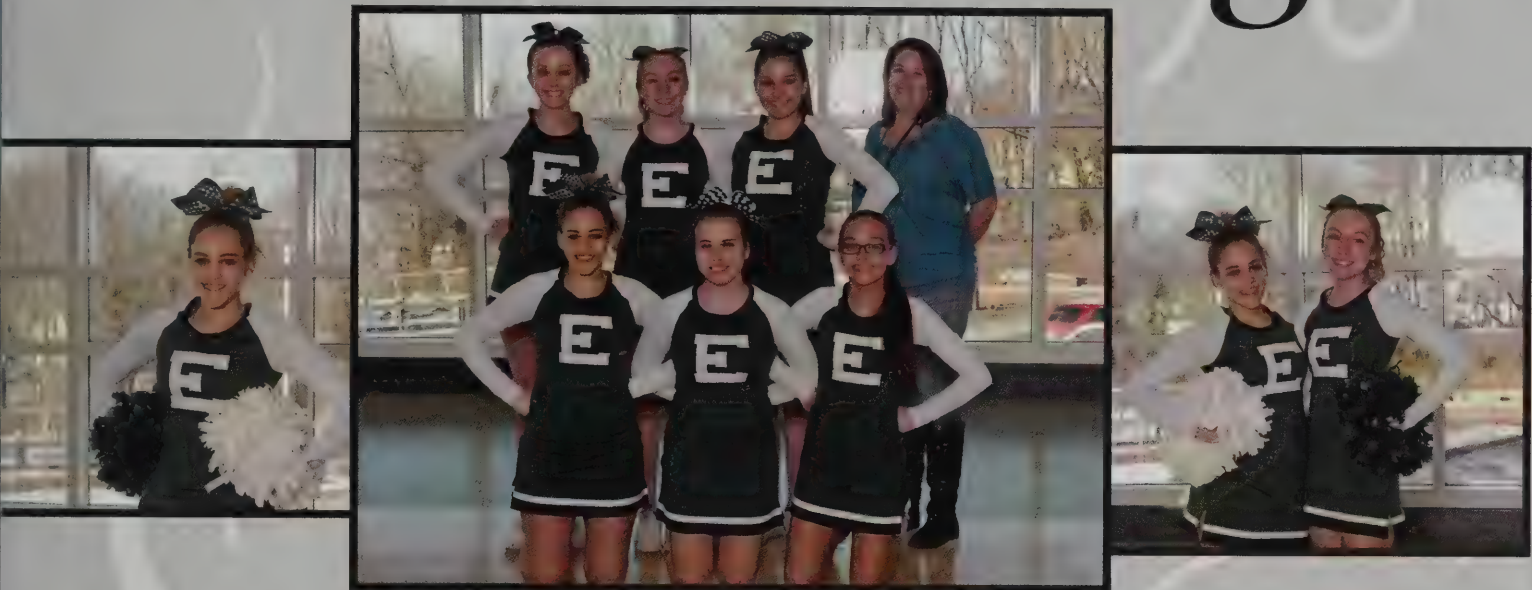

Captain Lizzie Bridges

The Girls Swimming team overall had a good year. Many of the girls were able to improve on their scores throughout the season, setting new personal goals. They were able to come out on top in a few of their meets, and learned a lot throughout the season. The team recognized that they were one of the smallest teams in the conference. It taught them to be even more positive going into every meet. Next year, they prepare to face changes. The team will lose three seniors, including captain Lizzie Bridges. However, they look forward to a bigger team in the Fall.

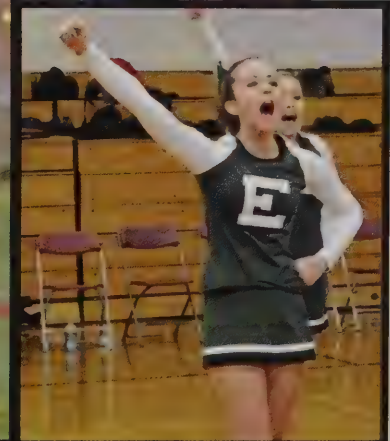

Cheerleading

Back row L to R: Alexandra Smith, Sam Flynn, Brittney Hykel
Front row: Kianna Martin, Amanda Taylor, Roselynn Silva

The overall season for the cheerleaders was great! They were in the Fourth of July parade, and did many fundraisers so they were able to go to the UCA cheer camp for free. They volunteered for many different activities for the town and became closer as a team.

The captains this year were Kianna Martin and Samantha Flynn. They did a great job at leading the team with positivity and great leadership. Unfortunately, Kianna is a senior this year, and she will be very missed next year! Over the season they had their ups and downs, as does every team, but in the end, they all became closer and can't wait for next year.

Junior Varsity captains L to R: Jenna Porcello, Taylor Fritz & Tiana Lamontagne

Overall, the season was an improvement from the previous year. Captains Erika Murphy, Toriana Rugani & Miranda Lee led the team with enthusiasm, positive outlooks and encouragement. They learned to communicate and work together as a team. By doing this, they were able to improve upon last years record, finishing 8-9. Enfield was also able to beat cross town rivals Fermi High School twice this season. Communication is just as important in this sport as it is in your everyday life. The team spent the season working on that as well as gaining trust in each other. By the end of the season, they were closer together as a whole. As the seniors move on, the young stars look forward to an even bigger and better team next year. With the schools combining, they are looking for new members and benefits from the adversity.

Boys Basketball

The 2015-2016 Boys' Basketball team had a rough start to their season (0-7), but they came back to make states!

One of the most memorable games was against Windsor Locks, when they won in quadruple overtime. Fans were cheering, and the whole team felt the excitement growing.

Although we had some winning moments, the boys also learned some lessons. They attribute this success to intense practices and good team chemistry.

They concluded with a season record of 9-13.

Seniors were led by Youseff Elsapak and Kyle Smith, as well as captains, Anthony Gowdy-Jimenez and Joey Robert. Next year, Captain Anthony Gowdy-Jimenez hopes that the team will remember to work hard and practice like they play.

Best of luck in the future!

GIRLS BASKETBALL

Senior Morgan Baskerville

Back Row L to R: Coach Gaucher, Coach Delano, Madilyn Ludwick, Regina Leblanc, Danielle Delano, Mary Baskerville, Erica Lovering, Caterina Fonseca, Morgan Baskerville & Coach Ben
Front Row L to R: Taylor Poletti, Samantha Cangan, Kassandra Liquori, Katie Courville, Delaney Lawler, Samanth Ferrato, Alexandra Capodicasa, Sarah Marino & Kaitlyn Borque

Captains L to R: Regina Leblanc, Morgan Baskerville & Danielle Delano

This year's girls basketball team was one for the record books. They ended the season with a 26-1 record, one of the best in the school's history. They were undefeated in the regular season, making them the NCCC Regular Season Champions. From there, they advanced to the conference tournament. They won that too, making them the NCCC Tournament Champions. For the second year in a row, they advanced to the Class M State Semi-Finals. The girls fought hard, but lost in a good game to Notre Dame-Fairfield.

Captains Morgan Baskerville, Regina LeBlanc and Danielle Delano helped lead the team throughout the season. Together, they all made sure the team was in line and focused. Though it was hard for injured Regina LeBlanc to help, she still made it to as many games and practices to cheer on her team. Danielle Delano was always there to keep everyone calm. Along with the other captains, she brought energy to the team and supported them on and off the court. As the only senior, Morgan Baskerville helped out her teammates with all her experience from the past years.

Early in the season, the girls learned to take their year one day at a time. They focused on one game at a time, one practice at a time. They set goals early and were able to meet them all. The word for this season this season was perseverance. This kept them going everyday, and taught them many lessons along the way. As they became more like a family, the girls learned how important it is to communicate and be successful on and off the court.

Next year, they look forward to meeting new freshmen that will bring more to their team. They also combine with Fermi next year, and are excited for their talented players to join. And as always, the remaining players from this year will be welcomed back. The team hopes to improve upon one of their best seasons, and go even further next year.

ICE HOCKEY

Assistant Captain Thomas Vose, Captain Sam Roy, Captain Matt Votta, Assistant Andrew Crane

Although the season didn't go as planned, there were some high points in the season. Some highlights include beating their cross town rivals, pasta parties, and being with each other everyday. The captains, Sam Roy and Matt Votta, led the team during games and practices. The hockey team will be losing their captains as they graduate along with 6 other seniors. They did learn to not get down on each other. In order to win, they need to support each other, stick together, and as the coaches say, "Go out and have fun!"

Alex Hacia, Andrew Crane, Kyle Merrick, Matt Votta, Sam Roy, Justin Carey, Thomas Vose, and Jared Cournoyer.

Matt Votta is cellying after scoring a goal and receiving a hat-trick that game.

INDOOR TRACK

This season was a big one for many team members. Several of them had new personal bests. The team as a whole also improved from the previous season. A few individuals went even further. Connor Shannahan, Peter Arriaga and William Ferris all went on to compete in Conference. From there, Connor and Peter went on to states and did very well.

Captain Connor Shannahan had a huge impact on the rest of the team. He led the team with his enthusiasm and responsibility. With the help of others, they were able to bring the team closer together. They all learned that hard work does pay off, and to stay positive.

Next year will definitely be different. They look forward to the incoming freshmen and new players as the schools combine. The seniors leaving this year will be missed, as they all left a positive impact on the team.

Wrestling

The wrestling season was a work in progress for many players. They learned to work together as a team and improve upon their personal bests. Highlights included competing against East Windsor, East Lyme and going to the NCCC tournament. They all performed very well at all their meets. Captains Joe Fleming and Brandyn Bass led the team with confidence. They helped out anyone they could whenever they needed it. They will be missed next year but the team looks forward to new faces, as they hope for an even bigger team with combined schools. Throughout the season, they learned that practice and preparation can help you out in the long run.

Raiders Now

As the Class of 2016 graduates, so does Enfield High School as we know it. The school adapts and changes with the times. EHS grows with the students. For several years, we watched the building change and develop to accommodate the students' and community's future needs.

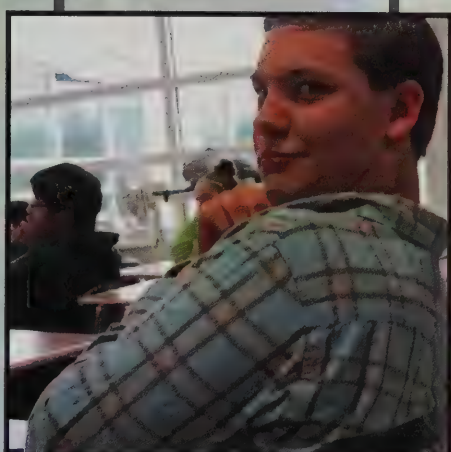

Raiders Forever

*The Enfield High School
Raider mascot may become a
memory, and the building may
have torn down its original
doors, but its spirit will
continue to thrive as its
students soar into their futures.*

Best of luck, Class of 2016!

Mrs. Boucher
ROCKS!

The Class of 2016 would like to dedicate this edition of the Echo Yearbook to...

Mrs. Sue Boucher

(Above) In August 2015, Mrs. Boucher appeared in the **Hartford Courant** as an effective science teacher whose methods produce results! She was honored by the American Association for Petroleum Geologists Foundation as the eastern United States Teacher of the Year!

When you ask students what they remember from Mrs. Boucher's Earth Science classes, they reminisce about the field trips and hands-on learning. They recall her classroom as an engaging and rewarding place to learn and grow. While science does not come easily to all, somehow Mrs. Boucher made it possible for all of her students to learn something.

It is no surprise that the Connecticut Science Teachers' Association presented Mrs. Boucher with the "Excellence in Secondary Science Teaching" Award in 2004. More recently, the *Hartford Courant* recognized Mrs. Boucher for her exemplary teaching methods.

The same article quotes Mrs. Boucher, when asked about her hands-on methods: "When they are working together they start to learn and it starts to come naturally. Questions become answered when they are working on the project." Mrs. Boucher thrives on the students' energy and gets a thrill when she sees that "light bulb go off." In that 'ah-ha' moment, her students develop love for learning, and her students begin to soar.

And soar, they do. When we asked the students about Mrs. Boucher, they reported that she "definitely knows her rocks!" Mrs. Boucher's former students remember her class fondly; their faces light up when they recall making rock candy, going on scavenger hunts, and doing an experiment for which they made a rainbow from a density test with water and salt. They remember being rewarded for working hard with pizza parties and flying paper airplanes. One of her former students says, "You could always talk to her about anything. A different class, college, your personal life, work, sports, anything you needed." Her colleague, Mrs. Artioli, says, "She is like a mentor to me. She is inventive and really cares about her students, probably more than any of the other teachers here. She invested a lot of time into her students and was always staying after. I look up to her, she is like a role model to me."

Mrs. Boucher is ever-growing herself. She has received numerous other recognitions for her work and dedication. She is a teacher at heart, a geology coach, and wonderful colleague. Because of Mrs. Boucher's strength, compassion, and exemplary teaching abilities, the Class of 2016 has chosen to dedicate this yearbook to her. *Congratulations on all your successes, Mrs. Boucher!*

Samantha Spadaro

It's hard to believe how fast time passes. We are very proud of the lovely lady you have become. We will always be here to love and support you, and will always cherish our little "B". Keep smiling sweetie. Love, Dad, Mom, and Sal
